
C.V

GENERAL

Surname: Aisawi

First Names : Khaled A. Boulgasem

Place and date of birth: Rujban, Libya, 28 May 1971

Nationality: Libyan

Local address: P.O.Box 13914, University of Tripoli, Tripoli, Libya.

Mobile: +218913179888

E-mail: khaled.aisawi@yahoo.co.uk

STUDIES

1 – Basic University Degree: BSc in agricultural sciences, 1989/90 – 1992/93.

The university: The university of the western mountain, Zintan, Libya.

2 – First Postgraduate Degree: MSc in crop sciences, 1996/97 – 1999/00.

Title of thesis: Effect of gamma radiation on some morphological and yield traits in some cultivars of barley (*Hordeum vulgare* L.) under drought conditions.

The University: The University of Tripoli, Tripoli, Libya.

3 – Second Postgraduate Degree: PhD in crop physiological breeding, from January, 2008 to December, 2011.

Title of study: Physiological processes associated with genetic progress in yield potential of wheat (*Triticum aestivum* L.).

The University: The university of Nottingham, Nottingham, UK.

WORK

1 – Research assistant: from 1993/94 to 1999/00, teaching practical training of principles of field crop production and Principles of genetic sciences in the department of crop sciences, College of Agriculture, University of Tripoli, Libya.

2 – Assistant lecturer: from 2000/01 to 2005/06 in the department of crop sciences, College of Agriculture, University of Tripoli, Libya. Teaching courses of: Principles of field crop production, Principles of genetic sciences, Plant genetics, Principles of plant breeding, Breeding of field crops and Field plot technique.

3 – Lecturer: 2006/07, same courses and same place as number 2.

4 – From 2008 to 2012: In a PhD program, doing research in field and lab studies at the CIMMYT experimental station near Cd. Obregon, NW Mexico and University of Nottingham.

5 - From 2012 till now: Teaching courses of Principles of plant breeding, Breeding of field crops and Field plot technique. Also, supervising undergraduate students in their study projects and leading projects in bread wheat, durum wheat, barley and corn.

6 - From 2015 till now. Head of Research, Consulting and Training Department. The University of Tripoli, College of Agriculture.

7- From 2017 till now. Head of the committee on cereals, pulses and legumes in the Libyan National Center for Standardization and Metrology.

8 - From 2018 till now. Head of the graduate studies committee in the crop sciences department, University of Tripoli, Libya.

9 – Assistant professor: 2020 till now. Teaching courses of advanced plant breeding, advanced plant genetics, plant biotechnology, Principles of plant breeding, Breeding of field crops and Field plot technique. Also, supervising graduate and undergraduate students in their study projects, and leading projects in bread wheat, durum wheat, barley and corn.

10 – From July 2020 till June 2021. National consultant in the emergency FAO project OSRO/LIB/001/CAN.

11 – From 25 October till 15 December 2021. National consultant in the FAO policy dialogue of the new development model (s) for desert and oasian zones in Libya.

PERSONAL SKILLS

1. Excellent working knowledge of Arabic and English.
2. Fully proficiency to use all Microsoft Office programs and in particular MS Word - MS Excel - Internet Explorer - Power Point.
3. Fully proficiency for statistical analysis programs, most important MSTAT, Genstat, SAS and SPSS.
4. Experience in delivering training and sharing knowledge to rural population and targeted authorities including Farmer Field Schools.

CONFERENCES

1 – The 8th International Wheat conference (8IWC) from June 1-4, 2010, in St. Petersburg, Russia.

2 - Wheat Breeding 2014: Tools, targets and progress. 29-30 January 2014, in Rothamsted Research, Harpenden, Herts, UK

3 – The 3rd Food security conference from 14 – 16 October 2019, in Tripoli University. Libya.

WORKSHOPS

1 - Ideotypes – is the understanding of physiology relevant to the future of plant breeding? 7th of Dec 2010 at the University of Reading, UK

SCIENTIFIC AND PROFESSIONAL MEMBERSHIPS

Member, American Society of Agronomy

Member, Crop Science Society of America

Member, Soil Science Society of America

Member, The Association of Applied Biologists
