

Curriculum Vitae

Tamader Youssef Elghnimi

Personale Information

- **Date of Birth:** July 19, 1978
- **Place of Birth:** Tripoli, Libya
- **Nationality:** Libyan
- **Marital Status:** Married
- **E-mail Address:** elganimi@yahoo.com / t.elghnimi@uot.edu.ly

Education

MSc. in “Pharmaceutical Science and Engineering” from School of Process, Environmental and Material Engineering, University of Leeds, U.K. **(2010)**.

- **General Grade:** Pass with Distinction. Awarded a university prize which awarded to the student with the best overall performance on the MSc. Pharmaceutical Science and Engineering programme.
- **Thesis Title:** Effect of Scaling up of Batch High Shear Granulator on the Granule Properties.
- **Thesis Supervisor:** Prof. M. Ghadiri.

BSc. in pharmacy “Pharmaceutical Science” from University of Tripoli, Libya

- **General Grade (Average):** Very Good
- **Thesis Title:** Detection of Bacterial Contamination in Tripoli Medical Centre.
- **Thesis Supervisor:** Dr. Mohamed. Al-Sagher.

Teaching Experience

- **Teaching Assistant** at University of Tripoli-Libya from November 2004.

I have given lectures for students in the following topics on unit process and other area as following:

Mass transfer/ Heat transfer/ Drying/ Evaporation/ Filtration/ Centrifugation/ Sterile pharmaceutical dosage forms parenteral preparation/ Pharmaceutical aerosols/ Mixing/ Crystallisation/ Dust control, safety measures and production management/ Packaging, suppository, good manufacturing practises, pilot plant scale up, structure of pharmaceutical plant/ Cosmeceuticals and blood products.

I have attended the short course on '**Characterise of physical and mechanical properties of powders**' on 18- 21 May 2010 at University of Leeds.

I have attended a course on '**Good manufacturing practises**' on 14-18 Sep 2017 at Tripoli Libya.

I have successfully completed the training course of '**Auditors in Quality Assurance and Accreditation**' on 23-30 Dec. 2020

I have attended a course on '**Skills Development**' on 21 Jan 2021

I have attended a course on '**High Performance Liquid Chromatography (HPLC)**' on 21-25 May 2023 at Tripoli Libya.

Work History:

- **In private and hospital pharmacies**

I have an experience in this field since I was training before I graduated as a part of our study is to train before you graduate, as well as working in pharmacies from January 2001 up to 2007.

➤ At University of Tripoli - Faculty of Pharmacy

I have joined the department of Industrial Pharmacy as a teaching assistant from January 2004, and I confirmed the teaching program at the department in the laboratories. Then I nominated from Faculty of Pharmacy at University of Tripoli to continue my postgraduate studies, and then worked as lecturer assistance in the Department of Industrial Pharmacy from 2011 until 2015, as a lecturer in the same department since July 2015 until 2019 and as assistant professor from July 2019 up to date.

Areas of Interests

- Particle technology
- Granules properties
- Solid dosage forms
- Nanotechnology
- Pharmaceutical industry
- Pharmaceutical technology
- Pharmaceutical engineering

Languages

Arabic: Native speaker

English: Second official language: Fluent, written and spoken

Skills and Programming

- Microsoft office (Word, Power Point and Excel).
- & Software programming ability in MATLAB 2011.

International Journal Publications

- J1. Nejat Rahmanian, **Tamader El Ganimi**, Mojtaba Ghadiri, "Further Investigation on the Influence of Scale up of a High Shear Granulator on the Granule Properties", Particuology, Elsevier, pp. 627-635, November 2013.

Other Projects with Presentations

- Over view of Nanoparticles on 2011.
- Evaluation of different brands of Carbamazibine tablet in Libyan market on 2012.
- Overview and quality control of pharmaceutical aerosols on 2013.
- Short review on drug release from oral solids on 2013.
- Evaluation and quality control of different brands of Simvastatin tablet available in Libyan market on 2014.
- Evaluation and quality control of different brands of Metformine tablet available in Libyan market on 2015.
- Evaluation of Metronidazole 500 mg tablets for some brands available in private pharmacies from Tripoli area on 2019.
- Pharmaceutical Evaluation of Desloratadine 5mg tablets from different sources 2021.
- Evaluation of Different Brands of Amlodipine 5mg Tablets Available in Libyan market 2022.
- Stability study of some Expired drugs 2022.
- Comparative evaluation of antidandruff shampoo available in Libyan market 2023.
- Evaluation of some brands of toothpaste according to standard specifications 2023.
- Formulation and Evaluation of Antacid Effervescent Granules Using Moringa Oleifera Seeds and Leaves 2023.
- Formulation and evaluation of soaps made from natural extract 2023.

Other Skills

- Msc course granted me a good experience with working at my university.
- Self-motivated.
- Desire to succeed.
- Power of communication.
- Team working.
