## **WORK EXPERIENCE**

During 2012 ongoing

University of Tripoli, Faculty of Sciences Department of Geophysics,  
Tripoli, Libya

### **Lecturer**

Duties included ~ lecturing on basic and advanced courses in geophysics covering gravity and magnetism, waves and optics, physics of material, gravity, magnetic, exploration seismology, potential theory, interpretation and modelling seismic data.

**\*Supervised undergraduate student in their final year project and dissertations**

From 2005 until 2011

### **Consultant**

Great Standard Consulting LTD

Duties include: organising training courses management, consulting at work place.

20 Addison Crescent, Old Trafford, Manchester M16 0NS

Telephone: +441618723660 Mobile Phone: +447766825362

Fon: +492281847690 Fax: +492281847689.

From 2001 until 2005

Refugee Education Employment Programme, Sheffield

### **Teacher of English as Second Language [ESL]**

Duties included: teaching English to individuals  
Sheffield, England

From 2000 until 2001

Saudi Community School

### **Teacher of Sciences**

Duties included: teaching chemistry, physics and biology  
Sheffield, England

From 1996 until 1999

University of Tripoli, Department of Geophysics, Tripoli, Libya

### **Lecturer**

Duties included ~ lecturing on basic and advanced courses in geophysics covering electrical and magnetism, waves and optics, physics of material, gravity, magnetic, exploration seismology, potential theory, interpretation and modelling seismic data.

**\*Supervised undergraduate student in their final year project and dissertations**

From 1995 until 1996

Petronas Research & Scientific Centre

Duties included ~ using the software computer programs through the workstation for interpretation and setting up the seismic modelling.

From 1989 until 1992

Engilla College, Ganzour, Libya

**Tutor**

Duties included: teaching courses in physics covering electricity and magnetic, waves and optics, physics of materials and gravity.

Setting up exams, making corrections of the exam paper, recording the marks  
Supervised undergraduate students in their final year projects and dissertations

From 1979 until 1982

Oasis Oil Company, Tripoli, Libya

**Research Assistant**

Duties included: working on a team for interpreting seismic data.

### **TRAINING QUALIFICATIONS**

During 2002

**The Sheffield College**

Certificate in Total Quality Management

The Initial Certificate In Basic Skill [ESOL]

Certificate in Further Education Teachers

Certificate in Computer Application [Level II]

Certificate in Computer Application [Level III]

During 1999

Certificate in Computer Application [Level I]

### **EDUCATION QUALIFICATIONS**

From 1993 until 1996

Malaysian National University (UKM), Malaysia

**PhD** Thesis entitled Seismic Modelling of Geological Structure

From 1985 until 1988

University Laval, Canada

**MSc** Thesis entitled Extrapolation and Interpolation of Gravity Data

From 1983 until 1985

McGill University, Canada

**Graduate Diploma** in Applied Geophysics

From 1974 until 1979

Al Fateh University, Libya

**BSc** Geophysical Engineering

From 1971 until 1974

Naloote High School, Libya

Religious Studies, Mathematics, Physics, Chemistry, Biology, Arabic, English and French

**Bachelor [ET A level]**

From 1968 until 1970

Ghadames Secondary School, Ghadames, Libya

Religious studies, Mathematics, Science, History, Geography, Art, Arabic and English

## **GCSE**

### **INTERESTS**

I am interested in range of sports both as an observer and a participant. These include walking, football and table tennis. I enjoy meeting with friends where we debate and discuss a range of topical issues.
